

Amendments to the Specification

Please amend Paragraph 41 as follows:

[0041] Stated otherwise, even if represented as a separated element, the summation ~~note~~ node 22 and the respective weighing factors K_1 , K_2 may in fact be at least partly incorporated to any of the blocks 12, 14, and 16 shown in the drawings.

Please amend Paragraph 47 as follows:

[0047] A very simple pre-emphasis circuit is shown in FIG. 4 interposed between the output of the pilot tone generator 16 and the summation ~~note~~ node 22. In the exemplary embodiment shown, the pre-emphasis network in question includes a resistor R1 connected in parallel to a series connection of a second resistor R2 and a capacitor C1.
